1) YOU'LL BE DIVIDED IN COUPLES
2) YOU'LL BE GIVEN ONE OF THESE 8 FAMOUS CLOUD FAILURES:

Here are some well-known examples of **cloud system malfunctions** that caused major problems for companies and organizations:

1. **Amazon Web Services AWS Outage (2021): SIMONE L**
2. **Google Cloud Google Cloud Outage (2020): BARBARA**
3. **Microsoft Azure Azure AD Failure (2021): GABRIELE**
4. **Fastly CDN Outage (2021): ANDREA C**
5. **Cloudflare Global Service Failure (2022): VITO**
6. **Salesforce Permission Incident (2019): YASSINE**
7. **GitLab Database Deletion Incident (2017): ANIS**
8. **Capital One Cloud Misconfiguration Breach (2019): DANIELE**

3) INVESTIGATE:

- What was the cloud / company about?
- What happened (DEEPEN THIS PART)?
- Which was the loss?
